Morrison was a Gnomish metallurgist from Mahakam and an acquaintance of Rodolf Kazmer and Goldenring.

Like many other Gnomes, Morrison possessed great skill when it came to smithing blades of excellent quality. Rodolf remarked they were so sharp "you could shave a werewolf bald." He was also able to etch one's likeness into the blades, with such detail it was like looking into a mirror. Besides these talents, he could also smell a fresh plate of dumplings from 400 paces.[1]
